

REBELS WORRYING M'ARTHUR'S MEN

Forces Under Command of Aguinaldo.

INSURGENTS INDULGING IN PETTY NIGHT ATTACKS.

The American General is of the Opinion That the Filipino Leader is Preparing to Make a Desperate Attempt to Retake San Fernando—Reinforcements in Large Numbers Join Him During Past Few Days—Our Troops Are Prepared for Engagement—Men Anxious for a Fight.

Manila, June 23.—[Special]—Gen. Aguinaldo, who has taken personal command of the forces formerly led by Gen. Luna, is worrying Gen. MacArthur's men with petty night attacks.

Two members of the Seventeenth Infantry were wounded last night in a skirmish with the Filipinos.

MacArthur is of the opinion that Aguinaldo is preparing to make a desperate attempt to retake San Fernando. Reinforcements in large numbers have joined him in the last few days.

Until now his force has been from six to eight thousand men. The Americans are prepared for the attack.

MacArthur's men are anxious for a fight.

Railway traffic between San Fernando and Manila has resumed. The transport Contention arrived from the northern coast of Luzon and had an exciting experience. The Contention struck a rock and became fast. The natives swarmed around the vessels in canoes, and their actions became exceedingly menacing and caused considerable anxiety. Finally the commander of the transport threw overboard a hundred tons of supplies in an effort to release the ship. The natives towed the cases ashore and while fighting over the spoils, the Contention floated and steamed away.

Ordered to Manila.

Washington, June 23.—[Special]—The war department has ordered the Nineteenth Infantry to sail from San Francisco for Manila July 12 and 20. The regiment leaves Camp Meade the third.

No Call for Volunteers.

Washington, June 23.—[Special]—The war department officially says that there will be no call for volunteers, but admit that the army will be increased.

A full quota of 35,000 men, instead of 10,000, as previously announced, will be added. The men will be obtained by recruiting in the regular way.

The department will commence preparing the equipment at once, and arrangements will be made to ship them to the Philippines.

Washington, June 23.—Gen. Otis is reported to have sent to the war department an explanatory dispatch which may result in an early call for a large number of volunteers. It is even rumored that the department is making preparations in anticipation of such action by the president immediately on his return to Washington.

It is intimated that plans were under way for the organization of ten volunteer regiments instead of three, with a view to giving Otis a considerable body of reinforcements.

These reports could not be confirmed in official quarters, because officers of the war department were inclined to be evasive, saying nothing definite would be done until after the return of the president to Washington.

This dispatch from Gen. Otis was said to have explained that when he asked for 30,000 troops he meant fighting men for active service in the field, and that his estimate did not contemplate the establishment of garrisons of any consequence outside of Manila. The inference was that if he expected to hold the territory conquered by his army he would need more troops for garrisons.

If such a dispatch has been received from Gen. Otis it will probably be sufficient reason for President McKinley to enlist a larger force of volunteers than has hitherto been contemplated, for he is known to be ready to send more troops to the Philippines whenever Otis says the word.

Adjt.-Gen. Corbin admits that the possibility of calling for a large number of volunteers has been discussed and that in a general way the plan of organization has been considered.

He is positive, for example, that there will be no call on the governors and that no national guard troops will be accepted by regiments or companies. He says the volunteers will be enlisted through the recruiting officers of the army, just like regulars, except that instead of enlisting for three years, they will "take on" for the period expiring June 30, 1901.

All the regimental and company officers, from colonel to second lieutenant, will be appointed by the president,

who will thus be enabled to give the raw troops commanders of experience.

WAS ACCUSED OF TREASON.

Arguelles Wanted Autonomy—Is Rigorously Punished.

Manila, June 23.—Details of the sentencing of Col. Arguelles, a Filipino commissioner, to twelve years' imprisonment have just been obtained here. It was at first reported that his condemnation by the Filipinos was due to the friendship he displayed toward Americans, but the information just received shows the accusation against him was not based on his peace conferences at Manila, as supposed. They confirm President Schurman's belief in his insincerity, and show that his advocacy of autonomy among the insurgents was treated as treason.

The colonel was at first sentenced to death but this was commuted to twelve years' imprisonment on account of his previous services to the cause, after an eloquent plea on the part of his counsel. Col. Arguelles is one of the most conservative and respected men identified with the insurrection.

The rebels have learned that the American volunteers are returning to the United States, and the Filipino newspapers show that they construe this to mean that the Americans are abandoning the war, and are encouraged thereby.

The outposts of the Washington regiment captured Gen. Pio del Pilar's brass band of eighty-two pieces, the members of which somehow became separated from the rebel army and came near the American lines without having the means of resistance. Some Chinamen in Manila have filed a claim against the instruments, which, it appears, were leased by the musicians from them.

Four of the wounded of the Fourth regiment's recent fight with the rebels have died in the hospital.

Troops Sail for Manila.

San Francisco, Cal., June 23.—Four companies of the Twenty-fourth United States Infantry and 150 recruits sailed for Manila Thursday on the transport Zealandia. The transport also carried an immense amount of provisions and supplies for the army in the Philippines.

Invalids Coming from Manila.

Washington, June 23.—Gen. Otis has notified the war department that the hospital ship Relief left Manila for San Francisco today, with 250 sick aboard.

GIVES SCHLEY CREDIT

Mayor of Cincinnati Receives a Letter—Believed To Be Beginning of Presidential Movement.

Cincinnati, June 23.—[Special]—Mayor Tafel today received a letter which indicates that there is a movement to give national credit to Rear Admiral Schley for the naval victory at Santiago.

It urges that a proclamation be issued by all mayors and governors, making July 3 a day of general celebration to commemorate the victory. It also suggests a contribution of a dollar to build a monument to Schley.

It is thought here that this is the beginning of Schley's presidential movement.

MURDERED HIS MOTHER

Ben Parrott Pays the Death Penalty at Hamilton, Ontario, This Morning.

Hamilton, Ont., June 23.—[Special]—Ben Parrott was hanged here this morning for the murder of his mother.

Iowa Silver Republicans to Quit.

Des Moines, Iowa, June 23.—Chairman C. S. Wilson of the state central committee of the silver republican party of Iowa says the party will give up its organization. "We cannot keep up an organization successfully so long as we cannot place a ticket on the ballot," he said, "and the new ballot law prevents this. Most of our members will go into the democratic party, and our state committee has decided to hold no convention this year. The populists have called a state convention, but I do not know whether they will place a ticket in the field or go in with the democrats."

Plans of Bicycle Trust.

New York, June 23.—An important meeting was held at the Waldorf-Astoria Thursday, when the members of the newly formed bicycle trust, incorporated last month as the American Bicycle company, with a capital of \$80,000,000, met to arrange final details. The utmost secrecy was observed. It was learned, however, that A. G. Spalding, who was one of the originators of the trust, and who will probably be the president of the company, acted as chairman. He announced that the company had been formed on the lines originally decided upon.

Fatally Shot by a Tramp.

Boscobel, Wis., June 23.—The town marshal of Avoca attempted to arrest a tramp last night, when the latter shot the officer. The marshal immediately shot and killed the tramp. The officer will also die.

PERRIN PARDONED BY GOV. SCOFIELD

LAST OF KENOSHA TRIO SENTENCED FOR ARSON.

Merchants Busy at New Richmond Erecting Temporary Stores—Avoca Marshal Fatally Wounded While Arresting a Tramp—Latter Is Killed.

Kenosha, Wis., June 23.—A telegram was received today to the effect that George S. Perrin had been pardoned by Gov. Scofield. This pardon was obtained through the efforts of James Cavanaugh, Fred Gottfredson and John Kilitor, who have been working for some time to secure this end. Mr. Perrin is the last of the men to be released from prison of those who were sentenced some years ago for burning the Chicago bedding factory and conspiring to defraud the insurance companies.

Three men, Robinson, Block and Perrin, were convicted and sentenced, chiefly through the testimony of Rose now, who turned state's evidence. Robinson was the first to secure a pardon, because he was thought to have been influenced by the other conspirators. Block was released a few months ago, and now the last of the trio is at liberty.

Mr. Perrin's pardon meets the approval of the people in Kenosha. He was popular in this city, and during his trial his case aroused more sympathy than that of the others.

Rebuilding at New Richmond.

New Richmond, Wis., June 23.—Although it is only ten days since the tornado wiped out this city, the work of building has progressed with vigor and where a week ago there was nothing but waste and ruin, store after store is now springing up. The citizens are showing remarkable pluck. Carpenters are at work and no less than thirty new buildings are in the course of erection. This don't include the many houses that were partially destroyed.

Nearly all the merchants whose stores were wrecked, will resume. Many have been in St. Paul and Minneapolis and have consulted with the jobbers and wholesalers and have been promised assistance. Many will start with little capital, but plenty of pluck and energy. Outside investors are also coming in but are meeting with little encouragement. Both banks have resumed and the deposits that have poured in leave no doubt as to the confidence enjoyed by both.

One of the serious drawbacks is the debris. It all has to be cleared away and this delays the building. Some merchants are in such a hurry that they have not waited for their original sites to be cleared.

Wisconsin Pensions Granted.

Washington, D. C., June 23.—Original—Charles Keber, Mukwonago, \$10; Hiram J. Philipps, Menominee, \$8; Restoration and Reissued—James M. Holden, Iron River, \$8. Increased—Ferdinand Kluhner, National Home, Milwaukee, \$8 to \$10; Hugh J. Bravney, Stevens Point, \$8 to \$8; Henry S. Austin, Winneconne, \$8 to \$12.

TO TREAT DREYFUS AS ACCUSED OFFICER

COMFORTABLE QUARTERS PREPARED FOR HIM.

Strong Guard Being Maintained at Rennes to Prevent Any Trouble—Town Crowded But Quiet as Yet—Gathering is Simply Out of Curiosity.

Rennes, June 23.—[Special]—A strong guard is being maintained in the city to prevent any trouble. The anti-Dreyfusites are believed to be intent on making trouble during the court martial.

Dreyfus on his arrival here will be treated as an accused officer. A comfortable parlor and bedroom have been prepared for him in the barracks.

The town is crowded but is quiet as yet. The general feeling is that the gathering is simply out of curiosity.

Still Asserts That Dreyfus is Guilty.

Paris, June 23.—[Special]—Ex-Judge Beaupre continues to assert that Dreyfus is guilty.

In an article today he promises to produce witnesses later who will prove positively that Dreyfus is a traitor.

Portsmouth, Eng., June 23.—[Special]—The second battalion of Shropshire infantry has been ordered to hold itself in readiness to proceed to South Africa.

Boers Preparing for War.

Berlin, June 23.—The Cologne Gazette publishes a dispatch from its correspondent at The Hague, which says that official circles there are assured that the Transvaal government is preparing in the event of war with Great Britain, to make the most stubborn resistance. Within the last few days, the correspondent says, the Boer government has placed an order for twenty-five quick-firing Krupp field guns and several heavy caliber guns for forts.

Yellow Fever Under Control.

Santiago, Cuba, June 23.—The outbreak of yellow fever here is confined mainly to the Fifth Infantry, which was quartered in the old Spanish barracks. Four enlisted men have died and one officer and eighteen enlisted men are in the hospital. There has been one death among the civilians, and there are three cases under observation. It is believed that there is little danger of any further spread of the disease. The doctors think that it is under control.

Reward for Tobin's Arrest.

Mound City, Ill., June 23.—Large rewards have been offered for the capture of the slayer of T. E. Fitzpatrick, superintendent of the National cemetery. Gov. John R. Tanner has offered a reward of \$300 for Tobin's apprehension, and the federal government has advised the local authorities to spare no means or expense for the capture of the murderer.

Setback for German Government.

Berlin, June 23.—The government in its advocacy of the bill "for the protection of labor" received a setback in the reichstag Thursday. By a greater majority the chamber refused to refer the so-called "penitentiary bill" to a committee and the proposal is dead for this season, for the session has adjourned until Nov. 14.

Efforts at Cleveland Fail.

Cleveland, Ohio, June 23.—The hope of a settlement of the street railway strike was shattered last night, when the strikers at a meeting rejected by unanimous vote the proposition submitted by the company to the special committee of the city council, and to which the strikers' committee agreed.

French Shore Trouble Grows.

St. Johns, N. F., June 23.—The colonial ministry maintains that the French warship and fishermen in trying to assert utterly unjustifiable claims off the French shore this season seriously complicate the settlement of the whole question.

FARMERS, LOOK OUT FOR HIM!

Now Confidence Game Being Played on Tillers of the Soil.

A new confidence game is being played on the farmers in some parts of the state and Rock county farmers, if approached by one of the villains, should be prepared to accord him with a warm reception. The scheme is to secure permission to tack a few advertising signs in prominent places about the premises and after this is done an innocent look-alike is produced which appears to be a statement that the signs were so placed. If the farmer is foolish enough to sign it he will find it presented to him later as a note for \$200 or \$300.

WRECK IN THE LOCAL YARDS

Switch Engine Causes Several Cars to be Ditched.

In the local Chicago & Northwestern railroad yards yesterday a general mix-up of freight cars took place which was caused by a misunderstanding of orders.

The switch engine was in the act of coming down one of the side tracks when it crashed into box and freight cars throwing them from the track.

The wrecking crew was called out and it required considerable time to clear the tracks.

SMALL POX IN COLLEGE

Representative of State Board of Health Says It Exists at Valparaiso, Ind.—200 Exposed.

South Bend, Ind., June 23.—[Special]—A representative of the State Board of Health arrived here from Valparaiso, Ind., where he had been to investigate the report of the existence of small pox at the Normal College. He states it is small pox without a particle of doubt, and that two hundred pupils are exposed. He advises prompt vaccination and a stringent quarantine. The spread of the disease in surrounding states is feared.

CHALLENGE TO A DUEL

Armenian Envoy to Peace Conference Receives Two, But Declines—Fears Turks.

The Hague, June 23.—[Special]—The Armenian envoy to the peace conference who received and declined the challenge to fight a duel from the head Turkish delegation last night, was challenged today to fight by another member of the Turkish delegation. The Armenian also declines this challenge. He fears the Turks will seek to murder him and will go to Paris tomorrow.

MEETING OF MUTES

First Convention of the Kind Opens at Marion, Ind.—Discuss Plan of Education.

Marion, Ind., June 23.—[Special]—The inter-state convention of deaf mutes, said to be the first gathering of its kind in America, opened here today. The chief purpose is to consider means of improving the methods of educating the deaf and dumb.

Farmer Trust Not Feasible.

Washington, June 23.—Joseph B. Agor, president of the Maryland State Grange, Patrons of Husbandry, was before the industrial commission Thursday. He said a trust among the farmers, such as was suggested by Mr. Havemeyer, was impracticable. Speaking of colored labor, he said it was unreliable. Mr. Agor considered the condition of the average farmer worse than it was twenty years ago, but he believed money invested in farming safer than in other lines of business.

Czar Wants American Guns.

Bridgeport, Conn., June 23.—It is learned that within a short time the plant of the American Ordnance company has been visited by a representative of the czar of Russia. It is stated that the ordnance company was asked by the representative of the czar whether the following order could be filled: One hundred field batteries of six guns each, six and twelve pounders, quick-fire guns, and 1,600 caissons and limbers. The value of the order would be about \$6,000,000.

Bank Thief Soon Caught.

Boston, Mass., June 23.—George Shea, alias Philip Lambe, a resident of Chicago, is likely to serve many years' imprisonment in payment for one half day's use of \$10,000. Shea went into the Metropolitan National bank in Postoffice square Thursday and got away undetected with \$10,000. He made for New York, where he was promptly arrested. All of the money was recovered.

ALUMNI BANQUET HELD AT CLINTON

VERY PLEASANT AND SUCCESSFUL AFFAIR.

Mrs. F. R. Helmer Delivers the Address of Welcome.—Margaret Moore, President of the Class, Responds.—Toastmaster Loveland Speaks.—Clinton Girl Graduates at Beloit.

Clinton, June 23.—The High school alumni banquet, which was held in the Y. M. C. A. rooms Monday evening last, was a very pleasant and successful affair and proved to be one of the social events of the season. About one hundred were present to enjoy the great social feast and partake of choice refreshments in the banquet hall. The several rooms were profusely decorated with the graduating class colors, "ashes of roses and green," consisting of a variety of plants, flowers and foliage. Six long tables were arranged and neatly spread and a cluster of pink roses was placed on the cloth beside each plate. The music for the evening was furnished by Wm. Harden, Miss Maude Ames, Albert Goodsell and M. M. Murray. The selections rendered were very pleasing. In the hall at the entrance to the rooms a punch bowl had been placed in a booth trimmed with asparagus and peonies. From this bowl guests were served with ice lemonade by Miss Mamie Murray and Miss Grace Helmer, two little girls gowned in white with pink and green decorations. When the hour for the feast had arrived, and before the company was seated, prayer was offered by Rev. W. P. Leek, after which J. C. Howarth sang an excellent solo. Following this the president of the association, Mrs. F. R. Helmer, gave a brief address of welcome which was nicely responded to by the president of the graduating class, Miss Margaret Moore. The orchestra then gave a selection, and Toastmaster Prof. R. E. Loveland followed with an address in which he emphasized the importance of the alumni banquets, and expressed an opinion that two banquets, instead of one, each year, would be better. Corwin Smith spoke on "The Visions of a Graduate," and Miss Maude Wilkins gave a beautifully worded historical oration on "The Alumni." Rev. T. J. Parsons made the humorous hit of the evening. When he responded to the toast, "The School Board," he contemplated a "board" in every conceivable meaning that the word would admit, and dealt with the subject accordingly. Superintendent David Thorne spoke in his accustomed interesting way along the line of schools and education, which completed the program. The company broke up at a late hour. Much credit is due Mrs. Sadie Hamilton for the arrangement of the decorations, and also to Mrs. Belle Barker, who superintended the tables. Miss Helen B. Edwards was the only Clinton representative in the graduating class of about thirty, at Beloit, Wednesday. She was one of the ten who delivered orations at the commencement exercises. Her subject was "A Scotch Poet," and her rendering of the Scotch dialect in choice poetical quotations, of which her essay abounded, was truly realistic and beautiful. Miss Edwards will leave for the old country soon, to add the finishing touches to her education, in Germany and Spain, and upon her return a couple of years later, will enter some institution of learning as instructor in languages. J. R. Conley was taken quite sick the first of the week, but his condition is some improved at present. Eli Ellis of Freeport, reached here Monday afternoon on his wheel. He will stop briefly at M. P. Treat's. Rev. F. Howarth went to Albany Monday to preach the funeral sermon of Mr. Lemmel, father of his son-in-law. Mrs. Howarth accompanied him. Rev. Wm. Moore will preach next Sunday morning to the Masons who are expected to attend services at the Congregational church in a body. Something like 400 loads of crushed rock have been applied to our highways in this vicinity. The crusher has been moved to the south part of the township where some eighty cords are to be broken up. George Rogers is enjoying a vacation from school duties. Miss Grace Murray has just completed her fifteenth term of school at Sumnerville. It is needless to say that Miss Murray is exceedingly popular in that neighborhood. C. A. Salisbury was taken with hemorrhage Sunday and for a time fears were entertained for his life. He had recently undergone a surgical operation in Chicago. Miss Jessie Bell left for Madison this week to attend an old college club reunion. Mrs. O. J. Phillips, of La Crosse, is visiting here and expects to remain during the summer. Mrs. Lizzie Ellmore arrived from Alabama, Monday. She is in love with the south and the people there, but says it is very hot in Montgomery at present. She was absent five months. Miss Minnie Snyder closed her school with a picnic at Carvers' Rock last week. Leon Smith has been employed at Beloit for several weeks going to his work from here each day.

SHARON STUDENTS ARE HOME.

Ball Game Monday Between the Two Celebrated Colored Nines.

Sharon, June 23.—The Sharon students at the Madison university have nearly all reached home for the summer vacation. Miss Laura Brownson and Messrs. Willard Parker and James Smith came down Friday night, while Messrs. Ray Wolcott and Charles Pearce rode down Saturday on their wheels. Miss Maude Blodgett remained to take part in the commencement exercises next week, as she is a member of the graduating class of '99. Mike Oibrich did not come with the others, as he had some arrangements to finish regarding a debate. Next Monday, June 26, there will be a game of base ball on the Athletic Association park between the Chicago Union and the Cuban Giants. Mrs. Ed. Hyde and children left Sharon Tuesday of this week for an extended visit with her parents at Waupun. She will visit there for six weeks, and before returning home will visit her sister in Madison. The Woodstock High School alumni gave a grand reception to the graduating class of '99 last Saturday evening in the city hall. Clinton was well represented at the ball game Tuesday. Among the delegations were Fred Herron, George Woodard, J. E. B. Budlong, O. L. Woodard and wife, Charles Jones, George Anderson, W. L. Loucks, A. V. Price, Will Stone, L. Sawyer, District Attorney Jackson and Henry Conley. Dr. Ed W. Ripley, of Wakefield, Neb., who was called to Walworth last week by the death of his father stopped over with his brother, Dr. C. L. Ripley and family. Tuesday morning he took the 11:05 train from Sharon for his home in Nebraska. He was accompanied by his mother who went with him to his home for a few months' visit. Mr. and Mrs. J. L. Morgan drove over from Elkhorn, Tuesday and spent the day with their mother, Mrs. Rosetta Pearson, who returned with them for a few days' visit. Misses Laura and Lida Pearson came over with Mrs. Morgan, after a visit in Elkhorn. Mrs. Stewart, of Hebron, came on the 7:20 train last Thursday evening for a visit with her parents, Mr. and Mrs. John Wilson, and her sister, Miss Ada Wilson. The lively stable near the Congregational church has been torn down and removed, much to the relief of church attendants. Mr. and Mrs. Ben Wilbur have returned to their home at Packwaukee, after an extended visit here with the family of H. Wilson and wife, and other relatives and friends. Steve Brown has bought an old route in Belvidere, and has gone there to take charge of it. Willie Kickick has bought Mr. Brown's old route here. Mr. and Mrs. L. S. Arnold attended the wedding of her cousin at Fond du Lac last week, and afterward made a trip to Chicago for a visit with relatives. Maggie McNeil, of Waukesha, Wis., and Minnie McNeil, of Elgin, Ill., are visiting their mother this week.

BANQUET AT MILTON JUNCTION

Given Wednesday Evening by Eastern Star—Personal News

Milton Junction, June 23.—The local chapter Order Eastern Star gave a banquet, Wednesday evening, to about seventy-five members from surrounding chapters, Janesville furnishing one-half of the number of visitors in attendance. After the banquet new members were initiated and the evening passed most pleasantly to all who were fortunate enough to be present. A. D. Williams of Janesville, was calling on friends here Thursday afternoon. Mrs. Bertha L. Hayes and son Frank, of Louisville, Ky., were visiting at F. R. Morris' the past week. Mrs. Stella A. Holmes, of Janesville, visited her parents Thursday. Rush Bullis has purchased the Phelps' farm in Harmony, consisting of 375 acres. Mr. Bullis will occupy the place as soon as he can dispose of some of the personal property on the farm which he now occupies. Mrs. Josephine Hull and daughter, Allie, have gone to Welton, Iowa, for a visit of several days in that place and vicinity. Miss Lulu Mills is visiting relatives in Chicago. Fay Coon has returned from college at Alfred, N. Y., and will remain here during vacation. Carroll Downing and his bride from Fort Atkinson, were at the Hoffmann residence Wednesday night and received an ovation from visitors with cowbells and other musical instruments until the early hours of the morning. It might have been fun for the boys but the demonstration was not very highly appreciated by our citizens in general.

Milton, Wis., June 23, 1899.

The commencement exercises of Milton college begin this evening with the annual sermon before the Christian Association, which will be preached by Rev. S. L. Maxson, of Walworth, Wis. Music will be furnished by Dr. Stillman's choir and orchestra.

Dr. E. S. Bailey, of Chicago, has been elected the dean of the faculty of Hahnemann Medical College, of that city. He takes the place of the late Dr. Ludlam, who acted as the honored head of the instructors of that institution for many years. Dr. Bailey has, for a long time, been a professor of surgery in the same college and now also assumes the supervision of its entire department of surgery. He was graduated by Milton college in 1873, in the ancient classical course, received the degree of Master of Arts from it in 1878, and had conferred upon him the honorary degree of Doctor of Philosophy in 1886. With his parents he was a resident of Milton for several years.

The annual meeting of the Alumni association of Milton college will be held Wednesday afternoon, June 28, at 3 o'clock. Opening address by Alfred E. Whitford, '96, president. Principal address by Major S. S. Rockwood, of Madison, secretary of the State Board of Normal Regents. Other graduates will speak as representatives of their classes.

The baccalaureate sermon by President Whitford will be delivered Sunday evening, June 25, at the Seventh Day Baptist church.

Miss Mabel Algard, of Oregon, has been the guest of Mrs. Nettie Davidson, this week.

Ralph Plumb is visiting the Cole Brothers at Ashland.

Superintendent J. B. Borden and family, of Marshfield, are here to spend the summer vacation.

R. H. Saunders and wife are visiting relatives at Rudd, Iowa, and are expected home next week.

Miss Carrie B. Gray of the Beloit schools, is at home, enjoying her summer vacation.

Postal Clerk Tomkins is in town this week.

Prof. John D. Bond and family of St. Paul, arrived in town last evening, to spend the summer at their old home. Glad to have them here again.

President Whitford transacted business at Madison, Tuesday.

Benjamin Van Campen of Cannon Falls, Minn., is visiting relatives here.

Miss Carrie Walbridge, a former resident here, was the guest of the Misses Hattie and Nellie Maxson, Thursday.

Dr. A. L. Burdick of Chicago, who is visiting here, has been appointed as lecturer in the department of Materia Medica at Hahnemann college. The doctor graduated from Milton college in the class of '89.

Miss Nettie Coon is at Sloan, Iowa, where she will spend several months.

Mrs. W. D. Thomas is on the sick list.

The members of Mrs. Albert Whitford's Sabbath school class held a pleasant session at the home of Mr. and Mrs. W. P. Clarke, Tuesday afternoon, in honor of the birthday of Miss Bessie Clarke.

ROCK RIVER YOUNG LADY HURT

Thrown From Her Bicycle and Run Over By Team

Rock River, June 23.—While Belle Vincent was riding her wheel last week she had a narrow escape from what might have proven a serious accident. While coming from Clear Lake she started to pass a buggy containing Mrs. Tillie Vincent and children and Mrs. Atherton, when her wheel struck sand and threw her in front of the horses. Luckily the horse did not step on her but two wheels passed over her, inflicting painful bruises from which it is hoped she will soon recover. Miss Myrtle Webb, of Lima, is working for Mrs. O. T. Vincent. Hattie Paul has a new wheel. Mr. and Mrs. A. P. Vincent, Mrs. Almira Vincent and Mrs. Hattie Bowers, of Aurelia, Iowa, visited Mrs. Jane Pierce at the Jefferson county house last Tuesday. Mrs. T. V. Rogers and Maud Rose were in Janesville Wednesday. Messdames J. Ashley, Mercy Garthwait, Electa Bond, Lucinda Boos, Grosley, Anna Wells, and Miss Miranda Saunders, of Milton, were visitors at Almira Vincent's, Wednesday. Mrs. Addie Gray, of Laverne, Minn., arrived this week, to visit relatives at this place. Maud Rose now rides a wheel. Nearly all of the River people attended the S. D. B. association held at Milton last week. Mrs. Thomas Rogers and children, Walter and Gladys, have been spending a week with her parents, Mr. and Mrs. N. M. Rose. Miss Winche's school closed Friday with a picnic at Charles Bluff. Mrs. Mary Fasset is on the sick list. Dr. Hull is attending her.

GIVE THE CHILDREN A DRINK called Grain-O. It is a delicious, appetizing, nourishing food drink to take the place of coffee. Sold by all grocers and taken by all who have used it because when properly prepared it tastes like the finest coffee but is free from all its injurious properties. Grain-O aids digestion and strengthens the nerves. It is not a stimulant but a health builder, and children as well as adults, can drink it with great benefit. Costs about 1/4 as much as coffee. 15 and 25c

with an old fashioned basket picnic in Setzer's grove. There will be addresses by noted speakers and games of all kinds will be held. A prominent feature will be a tug-of-war, Magnolia Camp challenging any camp in the state to compete for a liberal prize. There will be refreshments for all, good music, etc. Fireworks in the evening.

THE REBEKAHS ENTERTAIN

Milton and Beloit Delegations Were Here Last Evening.

A carryall load came down from Lo Lodge No. 102, of Milton, and another from Sybil Lodge No. 164, Daughters of Rebekah, of Beloit, last evening, to pay a fraternal visit to the members of Janesville Rebekah Lodge No. 181, it being their regular meeting night.

Following the regular order of business, all enjoyed tripping the light fantastic. Merrill's orchestra furnished the inspiration, and all enjoyed this feature of the evening's program immensely. At the midnight hour dancing ceased, and a very palatable supper was served in the hall below, after which the visitors returned to their homes, but before doing so they assured their entertainers that they had passed a most delightful evening.

The delegations present were composed of the following:

WILL OF JUDGE BENNETT

His Adopted Daughters Are Left the Greater Part of His Property

The will of John B. Bennett has been admitted to probate. He left his gold watch and chain, a gold headed cane and a third interest in his law library to his nephew, Emmett D. McGowan, and the rest of his estate, real and personal, to his adopted daughters, Misses Minnie and Kittie Bennett, share and share alike. The two women are executrices of the estate without bonds.

Bad management keeps more people in poor circumstances than any other one cause. To be successful one must look ahead and plan ahead so that when a favorable opportunity presents itself he is ready to take advantage of it. A little forethought will also save much expense and valuable time. A prudent and careful man will keep a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house, the shiftless fellow will wait until necessity compels it and then ruin his best horse going for a doctor and have a big doctor bill to pay, besides; one pays out 25 cents, the other is out a hundred dollars and then wonders why his neighbor is getting richer while he is getting poorer. For sale by People's Drug Co., Cor. Main and Milwaukee streets.

Comfort and Coolness.

Underwear—Comfortable Summer Underwear—men's shirts and drawers to keep cool in. We have a word to say about that sort. One can't keep cool when crawling underwear plays ragtime with his nerves. We have a special make of balbriggan for hot weather wear. You can keep cool in it with comfort. Shirts and drawers, 40c each. Another grade at 25c.

Facts About Matting

Excellent values 20c, 25c, 30c, 35c, 50c. Mattings for summer wear save carpets—no mistake about that. Sanitary experts recommend matting as good for the family health. From an economical point of view new matting recommends itself. It costs but little more than bare floors.

A Shirt waist Hint

Prices, We mention shirt 50c, 75c, waists merely to 85c, \$1. make you think. 1.25, 1.50, When you come 1.75, 2.00, to think of it there 2 25, 2.50, is hardly a reason \$3.00. why you shouldn't have a good supply of waists, except your own carelessness. There is a superabundance of waists here at little prices you'll be glad to pay.

A Mother's Duty

is to see to it that her children begin early in life to shampoo their heads regularly once a week. In each instance, after the hair is thoroughly dry, some mild, health-giving tonic should be applied to the scalp to aid nature in creating the best possible growth of uniformly colored, lustrous, healthy hair—the most important feature in the make-up of beautiful women and handsome men. PLAN GOVERNMENT FOR SAMOA

Bartlett Tripp, United States Commissioner, Sends a Dispatch.

Washington, June 23.—The secretary of state has received a dispatch from Bartlett Tripp, United States commissioner at Samoa, saying that peace had been restored in the island; the commission had sustained the decision of Chief Justice Chambers in the contested case of the king; that Malietoa Tanu had resigned; the kingship was to be abolished and a provisional government established.

So far as the state of affairs in Samoa and the programme for the future proposed by the commission are disclosed in Mr. Tripp's brief cablegram, they are satisfactory to the state department. In the view of the state department most of this programme is not final, but is subject to the approval of the three governments party to the treaty of Berlin. This is true of the projected abolition of the kingship, an office specially provided for in the treaty.

TO PERPETUATE THE G. A. R.

Plan Under Consideration to Admit Veterans of the Navy.

St. Louis, June 23.—The Post-Dispatch says that at the next annual encampment of the Grand Army of the Republic, which will be the closing one of the nineteenth century, a resolution will be introduced by an Illinois member to perpetuate it and take into it the veterans of the navy as well as of the army. It will be proposed to change the name to the "Grand Army and Navy of the Republic." The reason for the movement is the fact that the G. A. R. is in process of speedy and certain ultimate extinction by reason of having nothing to recruit from.

Gov. Roosevelt a Hunter.

One of the busiest writers of the day is Gov. Theodore Roosevelt of New York, naturalist, story writer, biographer, historian and political scientist. He has crowded into the fourteen years of his literary life fourteen books. Most of his early hunting tales were written on his ranch, where the convenience of a stenographer and typewriter was unknown. He there learned to compose rapidly with the pen, his manuscript being plainly written and singularly free from errors.—Philadelphia Press.

Switzerland's Empty Prisons.

From the Petit Marseilles: A correspondent writes us from Lausanne that the district of Lavaux, situated between Lausanne and Vevey, and having a population of 10,000, is at this moment in the proud position of being able to boast that in the several prisons in the district there is not a single prisoner. A white flag floats over every prison in token of this praiseworthy fact and virtue reigns supreme in the canton of Vaud.

Extinction of the Polynesians.

Dr. D. G. Brinton calls attention to the rapid extinction of the Polynesian tribes inhabiting the Pacific archipelagoes. A hundred years ago the Hawaiian Islands were said to contain 400,000 native inhabitants; today they have scarcely 30,000. The same rapid diminution has occurred throughout Polynesia, and is attributed mainly to leprosy, tuberculosis and evil ways of living.

Fried New Potatoes.

Peel and cut into slices three large potatoes, place a frying pan with two ounces of beef fat over the fire; when hot put in the potatoes, season with one-half teaspoonful of salt, one-quarter teaspoonful of pepper, stir often and fry till done without a cover; then serve. If the potatoes are allowed to stand in cold water half an hour before cooking they will be much nicer.

When They Go in Mourning.

It is said that Mrs. Marshall O. Roberts was the first woman in America to offer her wardrobe of clothes for sale on the occasion of her going into mourning. Since then such sales have often been made, that of Mrs. and Miss Brice's clothes being one of the most recent. About 1,500 costumes were offered. Two maids and a saleswoman superintended the sales.

For Members of Audubon.

Persons interested in the suppression of the fashion of wearing feathers and birds as ornaments in millinery are rejoicing at the course taken by the Kansas legislature in passing a game law which contains a clause to the effect that persons selling for millinery purposes birds' feathers or skins of birds shall be fined.

How Women May Keep Young

The real secret of youthful features in women is regular menstruation. If there is an irregularity of any nature—if the menses be suppressed or too scanty, too profuse or painful—the trouble will show in the face. The eyes will be encircled with black, the skin sallow; blotches and pimples will appear, and the sufferer, although young in years, will appear old in looks. The unfailing remedy is

BRADFIELD'S FEMALE REGULATOR.

It cures all ills of the womanly organs, Falling of the Womb, Leucorrhoea or Whites and Bearing-down Pains. Cures Backache, Headache and Nervousness, all of which are due to weakness in the same organs. Large bottles are sold by Druggists for \$1. THE BRADFIELD REGULATOR CO., Atlanta, Ga.

Gold Mines in Great Britain.

Near Dolgelly, in Wales, there is a gold-bearing district which yields about £300 a year. That isn't much for a gold mine; but it's more than most people imagine there is in the whole of Great Britain. Then at Leadhills, in Scotland, some gold is to be found—some of it in quartz, in approved South African fashion, and some loose about the place. Ireland has a fair share of the spoil, and County Wicklow is the richest in gold. The entire amount taken therefrom wouldn't make one big Australian nugget probably. Silver, of course, is to be found in some quantities in the Cornish silver-lead mines.

Sand Mines in Pennsylvania.

There are all kinds of mines in Pennsylvania. The greatest are, of course, the iron and coal mines, but few people would guess that the next extensive mining industry are the sand mines in western Pennsylvania. These mines are rarely underground, however, and many of them are viewed with wonder by passengers on the Pennsylvania approaching Pittsburgh. Whole mountains are being dug away, and the granular rocks forming them are being reduced to sand for the manufacture of glass in and about Pittsburgh.

Missouri Students Growing Whiskers.

The students of Missouri university have organized a club to promote the growth of whiskers. The by-laws, which were adopted on Feb. 14, are rigid and exacting. No student will be permitted to shave before next April, and something more than a moustache is required. The student who has the longest beard at the close of school is to be rewarded. The club is said to owe its existence to the fact that the pupils became distressed at the remarks regarding their extremely youthful appearance.

Splendid Burial of a Gypsy Queen.

A gypsy queen named Mimi Berga was buried in Austria not long ago. She was the wife of a wealthy horse dealer, it seems, and lay in state after her death in a handsome metal coffin with massive silver ornaments. A profusion of jewels was buried with the body and, in order that she might not be in need, a purse full of coins was placed in her hand. The hearse was drawn by six horses and followed by torchbearers.

United States Forest Reservation.

The thirty forest reservations of the United States embrace an area of 40,000,000 acres in thirteen states and territories. Seven are in the state of California, the largest of which, the Sierra forest reserve, includes 4,000,000 acres. Within the past thirty-five years it is estimated that 11,000,000,000 feet B. M. of timber on public land have been destroyed by forest fires.

Euchre an Old French Game.

Euchre is the ancient French game of triumph. The early French settlers brought the game to America and played it with thirty-two cards. As commonly played in this country today twenty-four cards are used in four-handed games. The books generally give thirty-two cards as the proper number, but that number is not justified by American usage.

Work of an Earthquake.

The Geological Survey of India has recently published a report on the earthquake of June 12, 1897, which did much damage in India, and whose pulsations spread to and across Europe. A photograph shows the remarkable effect produced by the earthquake on a railway bridge in Berar, India.

Feared What Happened to Adam.

A Sunday school teacher not long ago gave her class a rather graphic description of how Eve was created from the rib of Adam. "Mamma," said the youngest member of the class, that same evening, pressing his hand to his side, "I'm afraid I'm going to have a wife."

The Population of Rome.

Under the emperors the population of Rome is said to have been as high as 8,000,000, including slaves. In 1877 it was reduced to 17,000. The present population is just 500,000, and at the present rate of increase the million mark will be reached in 1950.

Extent of Canada.

Canada needs only 237,000 square miles to be as large as the whole continent of Europe. It is nearly thirty times as large as Great Britain and Ireland, and is 500,000 square miles larger than the United States.

Costly Fuel Used at Sea.

The British steamship Grangewood ran out of coal when 300 miles from Halifax, and in order to reach port used her cargo of beet sugar for fuel. The sugar was worth \$60 a ton.

When Glowworms Shine Best.

It is an unexplained fact that glowworms are much more brilliant just before an approaching storm than at any other time.

JANESVILLE CARRIAGE WORKS.

HON. BURR W. JONES TO DELIVER ORATION FAVORITE SON OF WISCONSIN TO BE HERE.

Arrangements for the Greatest Celebration in the History of the Bower City Are Practically Completed—
There Will be Amusements Galore
Great Street Pageant.

Nothing succeeds like success and judging from the phenomenal success of those having the Fourth of July celebration in charge, it promises to be the grandest in the history of the Bower City.

It has been definitely settled that Hon. Burr W. Jones of Madison, one of the most prominent men in the west and a favorite son of Wisconsin will deliver the oration on the day we celebrate the glorious event of our national independence. The committee chosen to select a speaker for that occasion has set its seal high and has chosen a statesman and a man of the hour.

An enthusiastic meeting of the several committees was held at the office of Assemblyman Wheeler last evening and encouraging and flattering reports were made of their progress.

One of the special features of the day will be the street parade, which will form on South High street near the High school and will start at 10 o'clock in the morning and among those to take part will be the complete fire department with all of the apparatus, the Christ Church cadets, under command of Capt. Fred H. Koebelin, Janesville Commandery No. 2, Knights Templar, Canton Janesville No. 9, Patriarchs Militant and other civic societies, W. H. Sargent Post No. 20, Grand Army of the Republic, ex-soldiers of the Spanish-American war, floats and calathumpians. At this early date active preparations are being made in preparing floats and two are now in course of construction, one of which will contain forty children and one bearing the Goddess of Liberty with the representatives of the army and navy.

The literary exercises will be held at the court house park, where every necessary convenience will be arranged for the comfort and amusement of all.

Every minute of the day will be occupied with amusements on the streets—amusements of every nature conceivable; amusements that will cause smiles to tinkle the face of old as well as young. High class vaudeville performances will be given and four platforms will be erected in different sections of the city on which mirth provokers will hold full sway and delight all.

The only fear now entertained is that there will be an "over production" of fun, thus resulting in numerous side splitting accidents and should such be the case, the calathumpians will be mostly to blame for they are preparing to capture the three cash prizes offered as a reward to that end. There is yet an opportunity for a few more merry makers to get in line and take part in that portion of the parade and all desiring to do so should leave their names with C. D. Child, chairman of the committee of arrangements, at the Janesville Machine company's works.

It is impossible to enumerate all the attractions of the day, but suffice it to say that there will not be a dull moment in Janesville on the Fourth of July, 1899.

Mayor V. P. Richardson will act as master of ceremonies and that he will perform his duties with grace and ease goes without saying.

Every patriotic citizen of Janesville should consider himself a committee of one to see that their respective residences and places of business are properly decorated. The decorating committee will do its share, but the work should not be left to the members entirely.

The last meeting of the committees will be held Monday evening, July 3d, to make final arrangements.

CAUGHT BY CUPID.

Bugs-Miller.

A pretty home wedding occurred at the South Academy street home of Mr. and Mrs. William Buggs last Wednesday afternoon at 5:30 o'clock. Rev. John C. Koerner, pastor of St. Paul's German Lutheran church, solemnized the ceremony that united as husband and wife Miss Ida Miller and Paul Buggs, both of this city. The wedding was a very quiet affair, only a few of the relatives of the contracting parties being present. The decorations were handsome and consisted of evergreens and roses. The bride and groom were attended by Miss Bertha Buggs and Charles Buggs, sister and brother of the groom. The bride and bridesmaid wore pretty gowns of white. After the ceremony a supper was served. The contracting parties were well and favorably known in the city and have a large circle of friends who wish them much happiness. The bride is an estimable young lady. The groom is the son of Mr. and Mrs. William Buggs and an exemplary young man. Mr. and Mrs. Buggs left the same evening for Jefferson and after visiting will return making their home on the corner of Locust street and Western avenue.

PHELPS BROKE PLATE GLASS

Says He Threw the Stone At Fleeing Canine.

Emory Phelps, of this city, appeared in the municipal court this morning on the charge having thrown a stone through a large plate glass window in J. J. Dulin's home on Linn street.

Phelps was found guilty and was fined \$10 and cost or fifteen days in jail. He went to jail. Phelps says he threw the stone at a dog.

The case of the state of Wisconsin vs. Ellsworth Caldo was adjourned until July 10.

MENU FOR SATURDAY.

Truth will never die. The stars will grow dim, the sun will pale his glory, but truth will ever be young.—Spurgeon.

BREAKFAST.
Crisped Eggs.
Sliced Tomatoes.
Creamed Potatoes. Toast. Coffee.

LUNCHEON.
Clams a la Newburg. Water Cress Salad. Cheese Sandwiches. Toasted. Iced Tea.

DINNER.
Cream of Asparagus.
Lamb Pie.
Cauliflower. Lettuce Salad.
Cherry Pie. Coffee.

CURRIED EGGS.—Two tablespoonsful of butter, two small onions (minced), two tablespoonsful of curry powder, two tablespoonsful of flour, half a pint of milk or chicken stock, two tablespoonsful of cream, six hard boiled eggs cut in slices. Put into the currying dish butter and onions and cook until they begin to brown. Stir in the curry powder. Mix well and add flour, stirring quickly all the time; then add the stock or milk and cook until the mixture has thickened for ten minutes, add the cream and eggs.

CLAMS A LA NEWBURG.—One pint of clams, two tablespoonsful of butter, one gill of sherry, half a pint of cream, two eggs, a scant teaspoonful of salt. Trim from the clams the tough parts, being careful not to cut the soft portion. Melt the butter over boiling water, stirring constantly. When creamy, put in the sherry. Beat together the yolks of the eggs and the cream and add gradually, stirring all the time. As soon as all is mixed turn in the clams and cook until plump.

OSHKOSH CLUB SEND CHALLENGE HERE

TOM MORRISSEY'S TEAM WILL
PLAY Y. M. C. A. BOYS.

Game Will Take Place at Athletic Park
a Week From Today and Promises
to Be One of the Best of the Season—
Oregon Nine Was Here This Afternoon.

Tom Morrissey of this city, who is now acting as captain of the Oshkosh base ball team, will bring his nine here on the afternoon of Friday, June 30.

At Athletic Park the Oshkosh boys will meet in combat members of the Y. M. C. A. team, with Adkins and McMaster as the local battery.

Captain Morrissey intends to bring a first class team here; for if there is anything in the world that Morrissey delights in it is in showing the citizens of Janesville how a good team acts under his management.

Morrissey's face is not the only familiar one in the Oshkosh team; for Morris Crall and Tom Sullivan of Janesville, are now playing with that nine.

Local fans should turn out in full force and give Morrissey and his men a rousing welcome. Arrangements are also being made to have a game here on July 4. Several teams have expressed a desire to come and arrangements will soon be closed.

The Y. M. C. A. team will also play here during the state cycle meet.

Oregon-Janesville

At Athletic park this afternoon members of the Y. M. C. A. team met the Oregon, Wis., nine, the game being called at 3 o'clock before a good sized crowd.

The visitors had Jackson in the box and Pierce behind the plate. Jackson is a member of the state university team and is a man well up in the art of twirling the sphere.

The Oregon team arrived in the city this morning and are a gentlemanly lot of young men. This afternoon they were at the grounds early and managed to get in some good practice work prior to the game.

'NEATH THE SHADOW OF DEATH

Elizabeth Berry McArthur.

Died at his home in Bradford, Sunday, June 18, 1899, Elizabeth Berrie McArthur, aged fifty-nine years, five months and twenty-three days. She was born in Alloa, Clackmannshire, Scotland, January 26, 1840. She came to Clinton when about sixteen years of age and was married to John McArthur, October 22, 1861. Six children were born: John A. of LaPrairie; James B., who died at two and one-half years of age; Agnes C., who died at the age of seven months; Willie D., of San Francisco, Cal.; Janette G. at home and Mrs. Elizabeth Van Galder of Racine. She became a member of the Free Baptist church at Janesville and after her marriage took her letter to the Baptist church at Bradford, Center. When the church disbanded she united with her family to the Congregational church at Emerald Grove.

In the early church connections she was a member of the choir and actively engaged in Christian work had continued in such until failing health compelled her to abandon her labors of love, which she so much enjoyed. The funeral services were largely attended, conducted by her pastor, Rev. C. W. Dennis assisted by Rev. T. S. Oadams of Elburn, Ill. A remarkable christian career has closed, although the later years of her life became somewhat secluded by reason of disease, yet the same sweet and patient spirit adorned her life. Her influence for good has been woven into the fabric of many lives. Her family ties were exceedingly strong, being one of the most devoted mothers. Next to her God was her family. The children were all present at the funeral, Willie, of San Francisco, Cal., having arrived just in time to be present at the sad service. Interment was made at the Emerald Grove cemetery, whither she was borne from the church amid a profusion of flowers that almost hid the casket from view. May she rest in peace.

MAY BUILD SWIMMING POOL

The Y. M. C. A. of This City Have Good Plans Under Way.

Local members of the Y. M. C. A. may soon enjoy a swim in a tank 40x60 feet.

In the basement of the new two-story dormitory that is now being built on the west side of the Y. M. C. A. building, space has been provided for such a swimming pool, in case the money needed can be raised.

One thousand dollars would be required to add such a swimming pool. It would be constructed of iron in place of cement, and would be provided with all conveniences.

Such an improvement would be valuable to the local association, and Secretary Kline should have no trouble in raising the money.

EMERALD GROVE BOY COMMITTS SUICIDE

FOUND DEAD HANGING BY
LEATHER STRAP.

Took Place Today on the John A. Jones Farm—Was an Adopted Son and Relatives Cannot Account For the Desperate Act—Undertaker Nelson Called.

Floyd Jones, fourteen years of age, the adopted son of John A. Jones of Emerald Grove, was found dead this noon, hanging by the neck in the stable on the Jones farm.

Indications pointed to suicide, the supposition being that the youth placed a strap about his neck, after having first securely tied it to a beam above.

When the body was first discovered the remains were not cold.

What motive induced the boy to take his life is a question that members of the Jones family are unable to solve, as Floyd had shown no signs of being mentally unbalanced.

Others say that possibly the affair may have been purely an accident.

Floyd Jones was adopted several years ago and has always appeared to be a bright youth. He attended school at Emerald Grove and was a favorite.

As soon as the body was discovered this noon the alarm was given and the little body was cut down and taken into the house.

A telephone message to this city first brought the news to Undertaker Nelson, who went out and prepared the remains for burial.

A coroner's inquest will be held at which time more details of the case will be learned.

Up-River Excursion.

Steamer Mayflower will leave her dock at 2 o'clock p. m. Sunday afternoon for a ten-mile ride up the river, returning at 5 p. m. Fare for round trip, 25 cents. Children under 12 years, free.

LATE NEWS BY TELEGRAPH.

KAUTZ SECRETIVE ON SAMOA

The Admiral Refuses to Talk for Publication.

CAUTIONS HIS SUBORDINATES

Newspapers Unable to Obtain Interviews from the Returned Sailors—Highest Naval Honors Accorded the Remains of Lansdale and Monaghan.

San Francisco, Cal., June 23.—Rear Admiral Kautz refuses to talk for publication on past events and present conditions in Samoa. He has cautioned all his officers and men on the cruiser Philadelphia to follow his example and all efforts of interviewers to sound them have proved futile.

The body of Ensign Monaghan, one of the victims of the fighting in Samoa, was shipped to Portland with full naval honors. From there it will be sent to Seattle for interment. The body of Lieut. Lansdale was interred in the Cypress Lawn cemetery in this city today. Naval officials had charge of the ceremonies and the highest honors in the service were paid.

The Philadelphia will go to the Mare Island navy yard next week and receive a thorough overhauling. She is in great need of cleaning.

Washington, June 23.—The secretary of state has received a dispatch from Bartlett Tripp, United States commissioner at Samoa, saying that peace has been restored to the island; the commission had sustained the decision of Chief Justice Chambers in the contested case of the election of the king; that Malietoa Tanu had resigned; the kingship was to be abolished, and a provisional government established.

NO INSURANCE FOR ELKS.

After a Spirited Debate, the Grand Lodge Rejects the Proposition.

St. Louis, Mo., June 23.—At Thursday's session of the Elks' grand lodge the constitutional changes recommended were finally referred to the subordinate lodges for final action. The insurance feature was rejected on the grounds that it is obligatory upon subordinate lodges to assist members. The committee on credentials reported the number of grand lodges at 29; other grand lodge members, 423, a total of 713, more than twice the number ever brought together.

Charters were granted to seventy-one new lodges. Provision was made for the establishment of a home for aged, destitute and indigent members. A wealthy Bedford county, Indiana, gentleman, who asked the grand lodge to withhold his name, offered to place in trust for the home 100 acres of land.

B. M. Allen, Birmingham, Ala., was elected grand exalted ruler.

Atlantic City was selected as the next place of meeting in 1900, commencing July 11. The members of the grand lodge subscribed over \$18,000 for the home to be established.

The Toledo team was declared the winner of the drill contest, \$1,500, with the Louisville team second, \$750. The award of the prize for the handsomest banner, a loving cup, was made to the Allegheny (Pa.) lodge.

On Good Terms with Germany.

Washington, June 23.—The German ambassador, Dr. Von Holleben, called at the state department Thursday and will leave for Berlin on a summer vacation about the middle of next month. This is taken to indicate a satisfactory condition of German-American affairs, resulting from a number of rather informal conferences which have been held of late.

Texas Town Swept Away.

Austin, Texas, June 23.—The old town of Carrizo, county seat of Zapata county, about half way between Laredo and Rio Grande City, on the Texas border, was swept away by the Rio Grande flood. The town had a population of several hundred Mexicans of the poorer class. There was no loss of life.

Leprosy in an American Port.

Mobile, Ala., June 23.—The British steamer P. Lombard arrived Thursday from Ship Island quarantine with a case of leprosy on board in the case of a Chinaman, member of the crew. He will be quarantined on board and taken from the United States when the vessel leaves.

Fusion Again for Nebraska.

Lincoln, Neb., June 23.—Meetings of the state central committees of the populist, democratic and free-silver-republican parties were held here Thursday, and the date of their several state conventions was set for Aug. 22 at Omaha. This means that there will be fusion.

No Crisis in Spain.

Madrid, June 23.—Senator Don Francisco Silveira, the premier, denies that there is any foundation for the report that a ministerial crisis is imminent. Senator Duran, minister of justice, says the opposition is trying to divide the cabinet, but will not succeed.

Montreal, June 23.—The Dominion Steel and Smelting company, with a capital stock of \$20,000,000, was formed here Thursday. H. M. Whitney, Boston, is president.

CABINET TO AID DREYFUS. THE WEST WOULD CONTROL.

New French Government Composed of Prisoner's Friends.

Paris, June 23.—Senator Waldeck-Rousseau, it is announced, has formed the new cabinet as follows: President of the council of ministers and minister of the interior, Senator Waldeck-Rousseau; minister of foreign affairs, M. Delcasse; minister of war, Gen. Marquis de Gallifet; minister of marine, M. de Lanesnani; minister of justice, M. Mobs; minister of finance, M. Caillaux; minister of commerce, M. Millerand; minister of public instruction, M. Leygues; minister of the colonies, M. Decrais; minister of agriculture, M. Jean Dupuy; minister of public works, M. Pierre Daudin.

The new cabinet is a strong combination, and is wholly in favor of Dreyfus, but since it contains such extreme men as Marquis de Gallifet and M. Millerand it can hardly be expected to have a long career.

MAXWELL MINE EXPLOSION.

Three Hundred Lives Endangered but Only Three Hurt.

Wilkesbarre, June 23.—An explosion of gas occurred Thursday in one of the lower shifts of the Maxwell colliery of the Lehigh and Wilkesbarre Coal Company. Three hundred men were at work in the mine at the time, and the first report was that a great many had been killed. Fortunately, however, all succeeded in making their escape, except three, who were slightly burned.

The explosion set fire to the wood-work of the mine, but at 1:30 p. m. the officials of the company reported the fire had been put out and that the damage would be light. The cause of the explosion is not known.

Drought Is Killing Cattle.

Denver, Col., June 23.—According to reports received by Secretary Charles F. Martin of the National Live Stock association, the drought has destroyed all the large Colorado ranges.

"The reports coming to this office," said Mr. Martin, "show that unless there is speedy relief from present conditions the loss to stockmen will be something enormous. Even should the cattle and sheep survive the summer they will be so poor and emaciated when the snows come that they will drop like leaves from the forest. Already cattle are dying in the San Luis valley, where the drought has assumed a most serious phase. Like conditions, varying in severity, are reported from northern New Mexico, parts of Oklahoma, the Indian nations, western Kansas and southern Utah."

More Yellow Fever Victims.

Washington, June 23.—Gov. Brooke, at Havana, under date of June 21, cables the war department as follows: "Adjutant General, Washington: Death report 20th and 21st, Santiago, General Prisoner William J. Moore, Fourth volunteer infantry, died 19th, yellow fever; Commissary Sergeant Columbus Stuart, Fifth infantry, died 21st, yellow fever. Pinar del Rio, William H. White, Co. C, First infantry, died 18th, purpura hemorrhagica; Sergeant William Range, Co. C, First infantry, died 19th, intestinal obstruction. BROOKE."

Fluorine Coming to America.

New York, June 23.—It is said at the large office that there is a steady gradual increase in the immigration of Fluorine. There were ninety on the New York when last she arrived at this port, and there were about as many on the Umbria. During the month of May 750 Fluorine were passed through the large office. This is an increase over last year of about 50 per cent.

Fears for the Ethelwold.

New York, June 23.—A dispatch to the Herald from Port Antonio, Jamaica, says: "The fear is growing that the disabled and missing steamer Ethelwold has met with another mishap and may have foundered. All incoming steamers report that they have seen nothing of her and her agents here, who are in communication with other ports, have obtained no trace of her."

Khalifa Suffers Heavy Loss.

Cairo, Egypt, June 23.—It is announced that the khalifa has been defeated, with heavy loss, by the natives friendly to the British. It is added that he has fled to the woods with a few followers and that his capture is imminent.

Movement to Secure Passage of the Next House.

REPRESENTATIVES TO CONFER.

The Legislative Incident to the Ruling of Our New Possessions Also to Be in the Hands of Western Republicans—The States Represented.

Washington, June 23.—A conference of influential western republican representatives is to be held in Washington for the purpose of formulating a plan for the distribution of the patronage of the next house, the formation of new committees and the enlargement of some of the old ones.

One of the most important features mapped out is the selection of a committee on insular affairs, to which are to be referred all matters pertaining to Porto Rico, Hawaii and the Philippines. Ordinarily the committee on territories would have jurisdiction, but as the new possessions bring with them perplexing questions that will be sufficient to occupy the entire time of a committee, and as the committee on territories has other matters to dispose of, the new committee is offered as a solution.

The suggestion is being made that only the strongest men in the house should be assigned to it. So far as can be learned the "combine," as it is called, will not attempt to dictate the members who shall be selected for the new committee. It will also be decided to distribute the patronage of the house pro rata among the states, according to the number of republican representatives from each.

The states represented in the combine are: Illinois, by Mr. Cannon, who controls the fourteen republican votes of the state in the house; Michigan, by Mr. Corliss, with twelve votes; Minnesota, by Mr. Tawney, with seven votes; Ohio, by Grosvenor, with fifteen votes; Wisconsin, by Babcock, with ten votes; New York, by Sherman, with twenty-two votes and Nebraska, by Mercer, with two votes. Pennsylvania, with its twenty votes, is expected to participate, although it is not known who will represent the delegation. The combine will control 102 of 184 republican votes in the next house, more than a majority and sufficient to dictate the action of the caucus.

TORNADO IN SOUTH DAKOTA.

School Children Are Saved by the Teacher's Thoughtfulness.

Brookings, S. D., June 23.—A small tornado passed through Trenton township Wednesday, demolishing the schoolhouse and damaging the Buckley residence. Miss Kate McNamara, the teacher, dismissed school, taking the pupils to the Buckley cellar, thus saving their lives. Another teacher farther east sent the children home, but a heavy hailstorm followed the tornado and two of the little children came near being killed by hailstones. A little boy protected his sister by placing her on the ground and covering her body with his. The boy was rendered unconscious by the hail and the sister escaped harm. One farmer lost his entire crop by hail. Others sustained more or less damage.

Imported Negroes Sent Back.

Evansville, Ind., June 23.—The scene of activity of the coal miners' strike has been transferred from the Sunny Side mine to the First Avenue mine. The reception of the imported negroes was too warm, and Manager Moody sent his men all back. Ten men were gotten to the First Avenue mines, and more are coming every day. Most of those en route are from Pana, Ill. The strikers are congregating about the First Avenue mines and trouble is anticipated.

Russia Buys American Steel.

Philadelphia, Pa., June 23.—There has been signed in Philadelphia a contract by the Russian government with the Carnegie Steel company for the largest order of steel ever given in the world. The Carnegie company has agreed to deliver to the Russian government within the next twenty-six months 180,000 tons of steel rails at a price that is said to be the highest quoted this year. Between \$4,000,000 and \$5,000,000 is involved.

Frenchman Burned to Death.

New York, June 23.—A dispatch to the Herald from Rio Janeiro says: "A mob forced the jail at Rio Grande and lynched a Frenchman named Jean Panare, accused of attacking a girl. After tormenting him the mob burned him alive."
